STAT FROM:

[redacted]
Director of Special Projects, DS&T

SUBJECT: Soviet Espionage in Industry Lecture

STAT On 4 August 1988 [redacted] of the Office of Security/SES gave his presentation on "Soviet Espionage in Industry" to personnel of the Office of Special Projects. The presentation was interesting and well done.

STAT [redacted] displayed an impressive collection of espionage equipment which was used to further emphasize and enhance the subject matter. This lecture provided an excellent reminder of the relative availability of equipment, and the ease with which it can be modified and then used to circumvent a company's attempts to maintain security. STAT [redacted] presentation was well received and provided an excellent reminder to our technical staff of the threat that is prevalent today. STAT STAT Please convey my appreciation to [redacted]
